公司业务简介 COMPANY BUSINESS PROFILE

We provide reliable on-the-ground expertise for international clients navigating China's manufacturing ecosystem. For organizations with limited regional presence or language capability, we serve as your seamless local extension.

Leveraging deep market knowledge and established local networks, we guide you through the complete sourcing cycle—from supplier identification and competitive quotation analysis to facility assessment, production monitoring, and integrated logistics coordination. Our end-to-end support mitigates operational risks and streamlines execution, delivering a controlled, efficient pathway from concept to shipment. At ProFlow, our experienced team is committed to meeting your operational requirements with precision. We expertly coordinate every phase—from fabrication and quality assurance to project management and international trade—maintaining the highest standards of professionalism, integrity, and technical expertise.

我们为国际客户深入中国制造生态系统提供可靠的本土专业支持。对于中文能力有限或缺乏区域布局的企业，我们将成为您无缝衔接的本地延伸。

依托深厚的市场洞察与成熟的本地网络，我们全程引导您的采购周期——从供应商甄选、竞标报价分析，到工厂评估、生产监控及一体化物流和后勤协调。端到端支持，有效规避运营风险，优化执行流程，为从概念到发货的全过程提供可控高效的解决方案。舶源公司经验丰富的团队致力于精准满足您的运营需求。我们专业统筹每个环节——从制造加工、质量保证到项目管理及国际贸易——始终秉持最高标准的专业精神、诚信原则与技术专长。

我们提供的服务 WHAT WE DO?

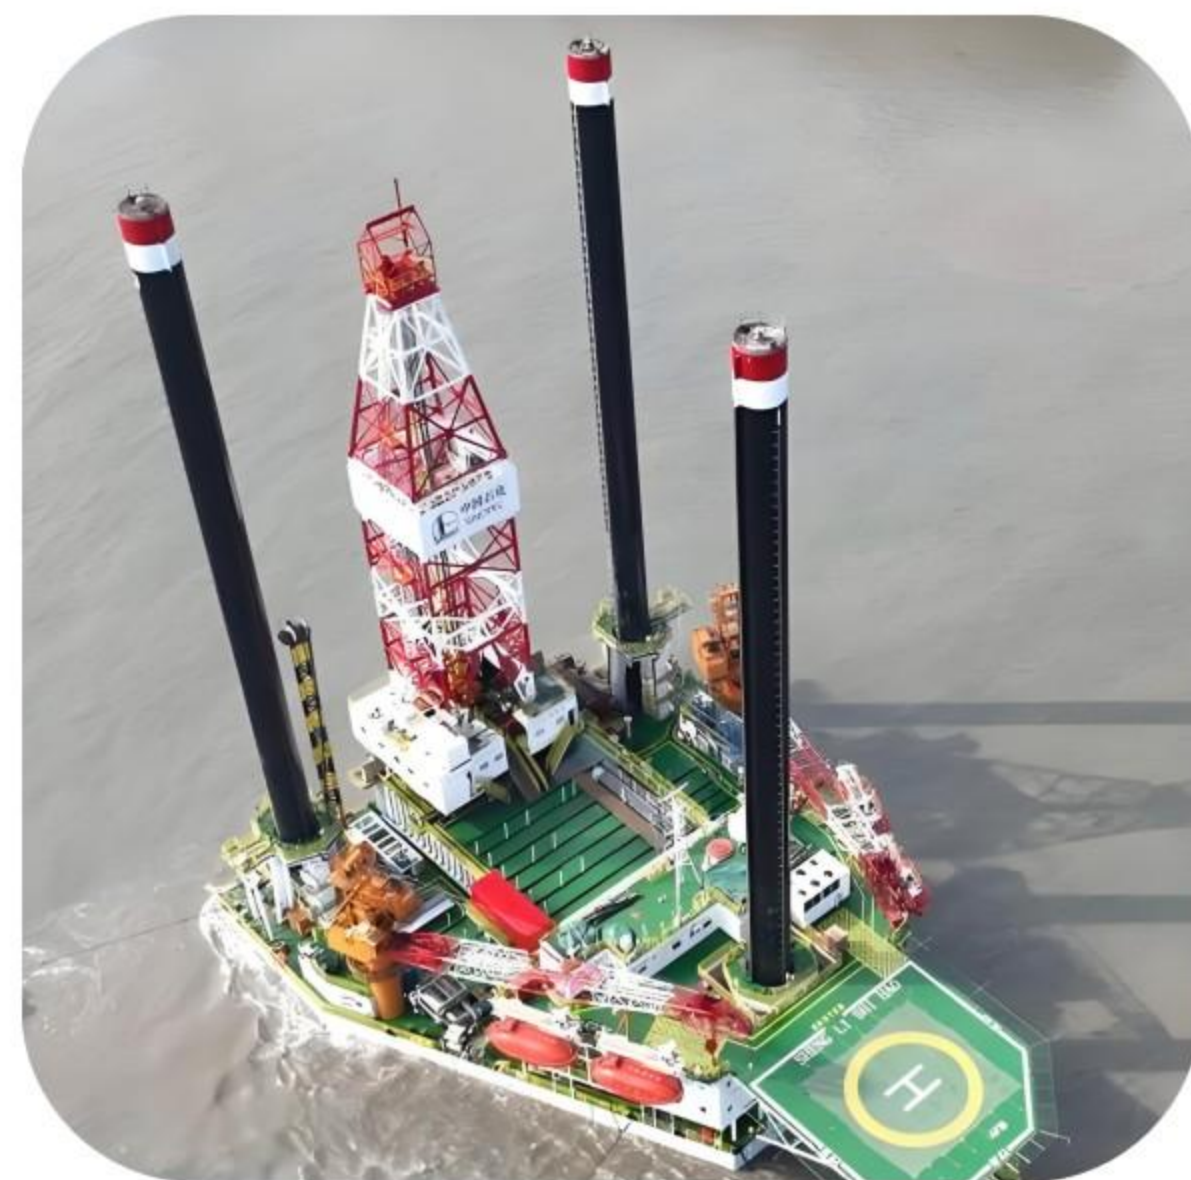

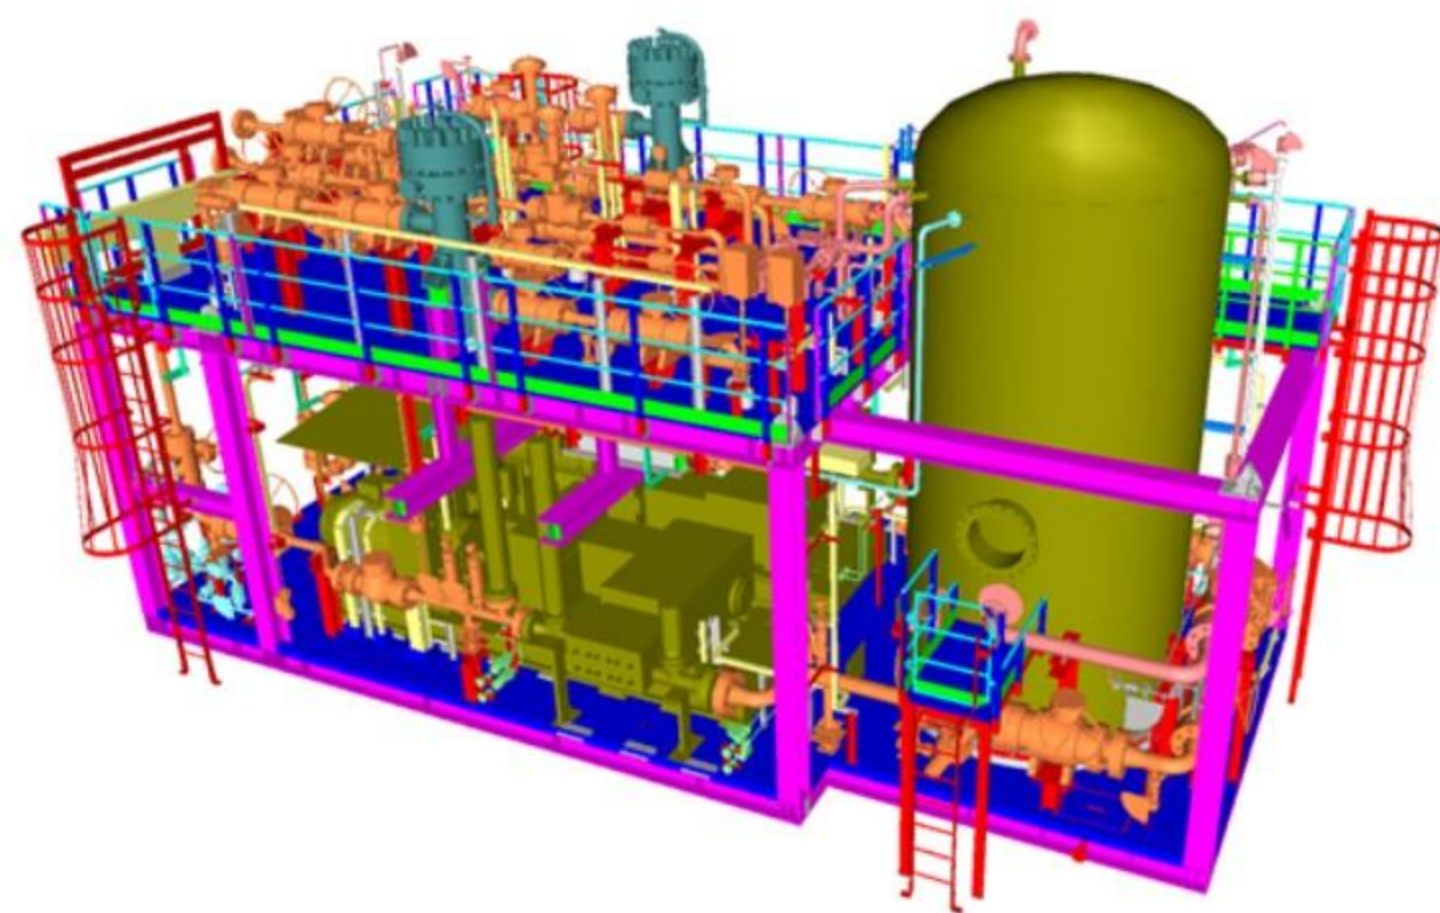

1

ENGINEERING SUPPORTS

工程设计支持

- • Technical Clarification Support
技术澄清支持
- • Mechanical design and reviewing
机械设计与审查
- • Structural design and reviewing
结构设计与审查
- • Electrical & Instrument detail design and reviewing
电气与仪表详细设计与审查
- • Piping detail design and reviewing
管道详细设计与审查
- • Pressure vessel design and reviewing
压力容器设计与审查
- • Detail Design, Shop Design and Technical Management
详细设计、车间生产图纸及技术管理
- • 3D Modeling (PDMS/Aveva Marine/E3D/Tekla/Naviworks)
三维建模
- • Lifting & Transportation solution
起重与运输方案

✓ | Supervision&Inspection: 监造与检验

- • 3rd -Party Supervision of the entire project (covering all disciplines).
项目全过程第三方监督（涵盖所有专业领域）
- • Third-party Factory Acceptance Test (FAT) inspection for equipment.
设备第三方工厂验收测试（FAT）检验
- • Spot checks, patrol inspections, and sampling inspection services during the project.
项目期间实施抽查、巡检及抽样检验服务

✓ | Certification: 体系认证

- System certifications: Quality, Environmental, Energy Management Systems, etc.
体系认证：质量管理体系、环境管理体系、能源管理体系等
- Classification society class entry and certification, Type Approval, Classification Society Product Certificates, etc.
船级社入级与认证、型式认可、船级社产品证书等
- • EU CE Marking.
欧盟CE认证
 - • Explosion Protection ATEX Certification.
防爆ATEX认证

✓ | Specialized Testing&Inspection: 专项检测与检验

- | | |
|---|-------------|
| → • Material testing | 材料测试 |
| → • Welding and NDT inspection | 焊接与无损检测 |
| → • Ship noise and vibration testing | 船舶噪声振动测试 |
| → • Annual inspection of firefighting and life-saving equipment | 消防及救生设备年度检验 |
| → • Asbestos-free and harmful substance testing | 石棉及有害物质检测 |
| → • Safety valve and instrument calibration | 安全阀与仪表校准 |

供应商识别与评估

我们根据您的具体产品要求、材料规格和合规标准，开展全市场范围的采购。潜在供应商将被识别并接受初步筛选，以核实其营业执照、出口资质及基本运营能力。

合格候选人需接受严格评估，包括现场工厂审核。我们将评估其生产能力、质量控制体系、设备、技术专长及工作环境，确保符合您的项目需求与道德标准。

我们分析供应商的财务稳定性、商业信誉及交易记录。这包括审查关键商业条款、付款可靠性及过往履约情况，以在合作前降低财务与运营风险。

所有评估数据——涵盖技术、运营、商业及合规维度——均整合为结构化报告。我们提供清晰的分级推荐，助力您做出明智的供应商选择决策。

- • We are your full-service international trade partner, leveraging China's powerful supply chain to deliver comprehensive export solutions. From documentation and logistics to customs clearance and trade finance, we manage every step—ensuring your goods move seamlessly from factory to global markets.

我们是您的一站式国际贸易合作伙伴，依托中国强大的供应链资源，提供全方位的出口解决方案。从单证处理、物流运输到清关服务和贸易融资，我们管理每一个环节——确保您的货物从工厂到全球市场无缝衔接。

我们的行业与专业领域

OUR INDUSTRIES AND DISCIPLINES

- • Marine Project Modules
- • Oil & Gas Processing Modules
- • Material Handling system
- • Port Machinery
- • Mineral Processing Plants
- • Ship Building
- • Pipelines & Pressure Tanks
- • Underwater Piles & Pile Caps
- • Electrical & Instrument
- • Machinery & Hydraulic system
- • Valve Process System
- • NDT & Lab
- • Concrete Panel Platforms
- • Painting & Galvanizing & Insulation

SERVICE COMMITMENT

服务理念

1.

将客户成功作为首要任务。
Ensure client success as our foremost priority.

2.

提供高效、专业且卓越的咨询服务。
Deliver efficient, professional, and superior consulting services.

3.

为客户实现价值最大化与投资回报最大化。
Maximize value and return on investment for our clients.

4.

满足客户所有技术规范、预期目标及质量标准。
Meet all client specifications, expectations, and quality standards.

5.

全力维护客户的法律权益与商业利益。
Protect our clients' legal and commercial interests to the fullest extent.

6.

成为客户与供应商之间无缝衔接的沟通桥梁。
Serve as a seamless communication bridge between clients and suppliers.

7.

提供全面的后勤保障与运营支持。
Provide comprehensive logistical support and operational assistance.
